Energy Costs Cutting into your Profits?

Take Control of Your Energy Costs Today!

Through our affiliation with the Chamber....Alternative Energy Source (AES) is offering a **No Cost, No Obligation** analysis of your natural gas program.

Even if you're in a natural gas supply program now, you will find this analysis interesting and useful.

We had been in a natural gas purchase program for years. We thought our program was good because we were saving money. The AES audit really opened our eyes and educated us

Ed, Ohio Manufacturer Company

The AES review revealed that our business is partially exempt from sales tax. Their review got us a refund of over \$19,500. Four previous energy suppliers never said a word. AES is working for us and our best interest.

Shawn, Ohio Restaurant

Since 1991, AES as an Independent Energy Management firm has worked with hundreds of businesses, to help evaluate and manage natural gas programs to best serve their needs, not the needs of the supplier. To learn more visit our website at www.aes-energy.net
